# DR. ROSEMARY STANTON'S GUIDE FOR A HEALTHY BREAKFAST FOR AUSTRALIAN KIDS!

## Friday 18 May 2012 is National Walk Safely to School Day

Local councils, businesses and Parents & Citizen groups are encouraged to 'Host a Healthy Breakfast' for their local primary schools to promote a healthy diet in conjunction with regular physical activity. Good nutrition is essential for good health and a good breakfast is vitally important to start the day well. Breakfast gets the metabolism going and helps prevent a slump in concentration during the late morning hours. Studies also show that those who eat a healthy breakfast eat less junk food later in the day and have a lower intake of saturated fat and a higher intake of essential nutrients and dietary fibre for the whole day.
