### Students step out for "Walk Safely to School" day

Southern Highlands primary school students laced up their walking shoes on Friday to take part in "Walk Safely To School" day.

"Walk Safely to School" day is an annual event encouraging all primary school children to walk

and commute safely to school.

Parents and carers of students were encouraged to join the kids in their walk to school at Buxton, Robertson and Exeter public schools.

The day aims to encourage parents and carers to walk to

school with primary school age children and reinforce safe pedestrian behaviour.

The day also aims to promote amongst adults and children the health benefits of walking and need to create regular walking habits at an early age.
